

Demographics of Punjab

Training Need Assessment (TNA)

At Tehsil Level

February 2011

Demographics of Punjab Projected Data 2010

- Punjab is the most populous province of Pakistan, with approximately **56%** of the country's total population
- Punjab **ranks 13th** in the world based on population
- **20,861,801** youth between 15 – 29 years live in Punjab. Out of which **6,300,000 youth are below the poverty line**
- The basic objective of Punjab Vocational Training Council (PVTC) is to provide skill training to the poorest youth of our society. For this purpose demand driven **employable / exportable** courses have been designed
- The purpose is to use this immense manpower to our advantage and make it a market opportunity

Objective of Demographic Survey

Basic objective of this survey was to identify Tehsil Level Demographics of Punjab to carry out Training Need Assessment (TNA) for introduction of demand driven trades at VTIs throughout the province

- Population range 15 – 29 years
- Major economic activities
- Major industries
- Growing industries
- Total number of schools (primary & middle)

Survey Methodology

To achieve this target PVTC formulated a strategy of using the existing resources available at all Tehsil levels. A specific questionnaire was designed, training to the involved group was conducted

- PVTC field staff was assigned this task at Tehsil/Sub Tehsil level
- Admission & Placement Officers of each VTI were mobilized to conduct physical industrial survey of their local areas
- Area Managers and Regional Managers supervised the survey
- At PVTC Head Office, Curriculum Department compiled and evaluated survey results through various official web sites of the Government of Pakistan, Economic Survey of Pakistan and Government of Punjab

Survey Results

As a result of this survey – PVTC has achieved the following:

- Identification of **potential and employable** trades
- Introduction of **new trades** at VTIs for better employment opportunities
- These demographics will be a useful tool for our **future planning** and further improvement of training system
- This survey has inculcated R & D approach amongst PVTC staff
- PVTC is now well conversant with its challenges to meet the needs of potential local employers/industrialists
- This survey will further strengthen the concept of **Public Private Partnership**

Summary of Tehsil Wise Demographics of Punjab

Total Population of Punjab (15-29 years old)		Major Industries in Punjab	Major Economic Activities in Punjab	Growing Industries in Punjab	Total Numbers of Schools in Punjab
