Message

From the Chairman PVTC

With a legacy of commitment to empowering individuals with demand driven skills, PVTC stands as the premier skill imparting organization in Pakistan. Our potential to shape the future workforce and contribute to national development is unparalleled. Looking ahead, we are poised to embark on an exciting journey of transformation and innovation. In the coming months, we plan to introduce a diverse range of short courses, tailored to meet the dynamic needs of the job market. Furthermore, fostering strong partnerships with industry stakeholders through Chambers of Commerce and Industries and other international bodies will be a cornerstone of our strategy, ensuring our training programs remain relevant and effective.

Collaborating closely with NAVTTC, we will pioneer the development and implementation of innovative courses, setting new standards for vocational training in Pakistan. Together, we will harness the collective potential of PVTC to empower individuals and enrich communities for sustainable growth. I urge my team members to embrace the spirit of innovation and excellence as we embark on this journey together. Let us utilize the full potential of PVTC and make a lasting impact on the future of our nation.

Syed Mubashar Raza - Chairman PVTC

Punjab Vocational Training Council's 82nd Meeting

The newly constituted 14 members council commenced the 82nd meeting of the Punjab Vocational Training Council (PVTC) with a dynamic combination of virtual and physical participation. The meeting served as a platform to delve deeply into PVTC's operational model, scrutinize its overall performance, and outline ambitious future goals. Energized by a collective vision to propel PVTC towards greater heights, members expressed

a firm commitment to enhance vocational training standards, fostering innovation, and expanding access to quality training. With a blend of enthusiasm and strategic foresight, the council embarked on a journey to shape the trajectory of PVTC, ensuring its pivotal role in driving socio-economic development and empowering individuals through skill development initiatives.

Exploring PVTC's RPL System: Achievements, Partnerships, and Future Prospects

Mr. Enawgaw Nigussie, Technical Advisor from Ethiopia, gained a comprehensive understanding of Punjab Vocational Training Council's (PVTC) Recognition of Prior Learning (RPL) system during his visit to PVTC. He was briefed on PVTC's dual role both a premier training provider and a Qualification Awarding Body (QAB) in Punjab, learning about the significant achievements made in RPL across various districts and trades. Discussions also touched upon PVTC's future plans for expanding and improving the RPL system, aiming for broader

reach and enhanced trade coverage. Additionally, Mr. Nigussie learned about the fruitful collaboration between PVTC and the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), which has contributed to notable advancements in RPL. His visit to VTI Green Town, Lahore, provided practical insights into the implementation of RPL at the grassroots level, enriching his understanding of PVTC's efforts in this field and fostering opportunities for further collaboration and knowledge exchange.

Mr. Enawgaw Nigussie, Technical Advisor from Ethiopia along with his team member Mr. Imran Abdul Razzaq, Vocational Training & Labor Market Advisor (CBT&A) during the meeting with Chairman PVTC Syed Mubashar Raza, Senior Manager PR & Marketing Ms. Bushra Nawaz, Senior Manager M&E Mr. Nadeem Akram and Manager Examination & Certification Mr. Tariq Baig.

Chairman PVTC Visited Vocational Training Institute, Shalimar

Chairman Punjab Vocational Training Council (PVTC) Syed Mubashar Raza undertook a visit to the Vocational Training Institute (VTI) Shalimar, where he inspected the ongoing training activities. During his visit, the Chairman engaged in a comprehensive evaluation of the training infrastructure, instructional methodologies, and overall learning environment at VTI Shalimar. He closely observed training facilities in various trades, interacting with both instructors and trainees to gauge the effectiveness and quality of the training programs. The visit provided an opportunity for

the Chairman to assess the alignment of training activities with PVTC's objectives and standards, ensuring adherence to best practices in vocational training. Additionally, the Chairman's presence served to motivate and inspire both staff and trainees, reinforcing the commitment to excellence in skill development. Through constructive feedback and dialogue, the Chairman encouraged continuous improvement and innovation within the training curriculum and delivery methods.

Our Cities - Our Pride

District Rawalpindi

Rawalpindi District is a district located in the northernmost part of the Punjab province of Pakistan. Parts of the district form part of the Islamabad Rawalpindi metropolitan area. Rawalpindi city is the district capital. The district has an area of 5,286 km² (2,041 sq mi). Originally, its area was 6,192 km² (2,391 sq mi) until the 1960s when Islamabad Capital Territory was carved out of the district, giving away an area of 906 km² (350 sq mi).

It is situated on the southern slopes of the north-western extremities of the Himalayas, including large mountain tracts with rich valleys traversed by mountain rivers. The

chief rivers are the Indus and the Jhelum, and it is noted for its milder climate and abundant rainfall due to its proximity to the foothills. Located in the northernmost part of Punjab province, Rawalpindi District boasts a population exceeding 5 million, rendering it one of Punjab's most populous regions.

As a pivotal economic and commercial nucleus, Rawalpindi City, the district's largest urban center, thrives as a bustling hub. Adjacent to the federal capital, Islamabad, the district benefits from its close association with Pakistan's political and administrative epicentre. Nature

enthusiasts flock to Rawalpindi's north-eastern sector, where the famed hill station of Murree entices visitors with its scenic vistas and temperate climate. Additionally, the district houses Taxila, an esteemed UNESCO World Heritage Site, renowned for its Gandhara civilization

remnants. Moreover, the picturesque Rawal Lake, nestled on the periphery of Rawalpindi and Islamabad, offers a tranquil escape for boating

and picnicking. Rawalpindi District has birthed notable personalities who have significantly impacted Pakistan's history. Among them, General Ayub Khan, a former President and military leader, emerged from this region. Similarly, Benazir Bhutto, Pakistan's first female Prime Minister, hailed from a prominent political family rooted in Rawalpindi. Another influential figure, Pervez Musharraf, also traces his ties to this district.

Economically, Rawalpindi thrives on a diverse landscape encompassing trade, services, manufacturing, and agriculture. With bustling markets, modern shopping

complexes, and industrial zones, Rawalpindi stands as a vital commercial nexus. Additionally, the

district hosts prestigious educational institutions such as the Army Medical College and Fatima Jinnah Women University, nurturing future leaders across various fields. Transportation infrastructure in Rawalpindi District is robust, encompassing road, rail, and air connectivity. The proximity of Islamabad International Airport serves as a pivotal gateway for both domestic and international travel, further enhancing the district's accessibility and connectivity.

PVTC is operating with 8 VTIs in District Rawalpindi; VTI Rawalpindi, SVTI Malkoka, VTI Adyala, VTI Daultala, SVTI Daultala, VTI Kallar Syedan, SVTI Kahuta and VTI Taxila. SVTI Malkoka is the satellite campus of VTI Rawalpindi and SVTI Kahuta is the satellite campus of VTI Kallar

Pakistan has been facing an economic crisis for over a decade the job opportunities are shrinking every day to come due to multiple factors. In this scenario vocational education has become a linchpin for Pakistan to enhance our productivity so to grow economically. In the contemporary era the financial burden of education is a growing concern for the majority of families, PVTC vocational training institutes offer a beacon of affordability for them and our tailored made vocational programs provide a swift entry into the workforce inside and abroad Pakistan. We are focusing on the most deprived segments of our society so to eradicate poverty and empower our poor women of the district. Rawalpindi DBOM is committed to impart the skill education to all deserving youth without any discrimination following strict rules and regulations. My message finished on the following maxim and an adage. " It is possible to fly without motors, but not without knowledge and skill."

Is Retirement a Fun?

Retirement indeed presents a new chapter in life filled with opportunities for leisure and relaxation. It offers freedom from stress, deadlines, and the pressures of work life. Waking up late becomes a norm, and every day feels akin to a peaceful Sunday. Retirement grants the luxury of spending quality time with family, indulging in travel, watching TV, and leisurely walks. It's a phase where one

can choose to make the most of each day, turning it into a period of joy and fulfillment. However, it's also observed that some individuals find retirement challenging, perhaps due to unmet expectations or adjusting to a new routine. Nonetheless, retirement marks the closing of one chapter and the beginning of another. May Allah bless all of us with contentment and joy in this new phase of life. Ameen.

Engaging conversations unfolded as Ms. Ismail delved into discussions with trainees and instructors.

The trainees, eager to showcase their skills and knowledge, shared their experiences and aspirations, providing Ms. Ismail with a firsthand account of the transformative journey they were undertaking at VTI Green Town.

Strengthening Vocational Training for Climate Resilience: Collaborative Efforts Between PVTC and IRP

On 27th March 2024, the Senior Manager PR & Marketing PVTC Ms. Bushra Naz responded to an invitation from Ms. Sanam Bibi, Advocacy and DRM Officer Programme at Islamic Relief Pakistan (IRP) in Islamabad.

The meeting was attended by key officials of IRP, including Mr. Raza Narejo, Deputy Country Director, Syed Safi Pirzada, Senior Manager Program Development, Mr. Muhammad Sajid, FSL Specialist, and Ms. Sanam Bibi.

IRP highlighted their focus on addressing environmental challenges aligned with SDGs, particularly emphasizing climate change and its impact on water reservation in Pakistan, aiming to collaborate with PVTC through curriculum to align future generation.

The meeting concluded with plans to draft a memorandum of understanding (MOU) outlining the collaboration modalities, including curriculum development and support for printing life skills manuals.

This collaborative effort between IRP and PVTC aims to integrate climate change awareness and disaster management into vocational training, ensuring a more resilient and sustainable future in Punjab.

Words of Wisdom

The Fisherman and the Businessman

Once upon a time there was a businessman who was sitting on the beach in a small Italian village. As he sat, taking a brief break from the stress of his daily schedule, he saw a fisherman rowing a small boat back into the harbour. In the boat were a few large fish.

Impressed, the businessman asked the fisherman, "How long does it take you to catch so many fish?" To which he replied "Oh, not so long." The businessman was confused, "Why don't you fish for longer to catch even more?" "More? This is enough to feed my entire family and even offer some to my neighbours," the fisherman said.

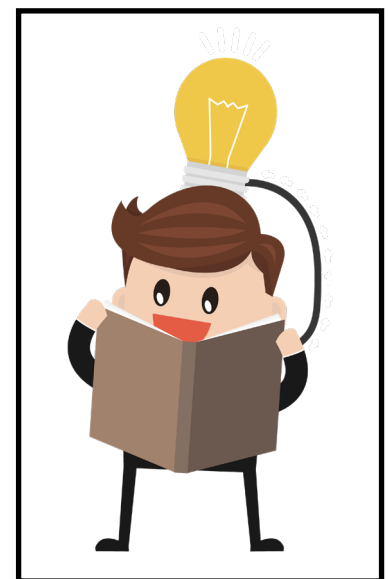

"So what do you do for the rest of your day?" Enquired the businessman. The fisherman replied, "Well, I've usually have caught my fish by late morning, at which point I go home, kiss my wife, and play with my kids. In the afternoon, I take a nap and read. In the evening, I go to the village to have a drink with my friends, play guitar, sing, and dance into the night!" Putting his entrepreneurial hat on, the businessman offered a suggestion. "I have a PhD in business! I can help you

become much more successful. From now on, you should spend longer at sea and catch as many fish as possible. When you've saved enough money, buy a bigger boat to catch even more fish. From there, you'll soon be able to buy more boats, set up your own company, build a production plant to can the fish and control distribution, and move to the city to control your other branches."

To this, the fisherman asks, "And after that?" The businessman laughs, "After that, you'll be able to live like a king, take your company public, float your shares and be rich!" "And after that?" Asks the fisherman once more.

"After that, you can retire, move to a house by the sea, wake up early in the morning to go fishing, then return home to play with your kids, kiss your wife, take a nap in the afternoon and join your friends in the village to drink, play guitar and dance into the night!"

Puzzled, the fisherman replies, "But isn't that what I'm doing already?"

Success Stories

Asia Bibi
VTI Taxila

Asia Bibi, daughter of Sher Zaman, defied the odds with only a matric education and a passion for Dress Making. Despite facing daunting challenges, including her husband's battle with hepatitis and financial instability, Asia remained resolute in her pursuit of a better life. Guided by the unwavering support of her mentors, Madam Munawer and Principal Syed Muzaffar Hussain, she not only completed her Dress Making course but also accessed SEEP Funds, marking a turning point in her journey.

Initially earning meagre wages, Asia's determination and the encouragement of her teachers propelled her to establish her own workshop at home. With a sewing machine and newfound confidence, her income soared from Rs. 50 to Rs. 200 to 500 per day. The infusion of SEEP Funds bolstered her business, allowing her to expand, upgrade equipment, and increase her earnings to an impressive Rs. 1500 to 2000 per day, providing newfound stability for her family.

Beyond personal success, Asia's journey is marked by a deep commitment to empowering others and fostering societal change. Through her tailoring centre, she offers free training to disadvantaged women, envisioning a future where opportunities are accessible to all. Asia's dedication to uplifting her community extends to employing graduates from vocational training institutes, offering a guiding hand to those embarking on similar paths. Her story stands as a testament to resilience, determination, and the transformative power of education and support, inspiring others to rewrite their destinies and embrace the spirit of success.

The journey of Muhammad Irfan's from humble beginnings to professional success is a testament to his unwavering dedication and relentless pursuit of excellence. Hailing from Kallar Syedan, with four siblings and an intermediate education, Irfan embarked on a remarkable path of self-improvement. Enrolling in the Computer Applications & Office Professional Trade at VTI Kallar Syedan, he displayed a thirst for knowledge that propelled him to attain a Bachelor's degree in Science, showcasing his commitment to personal growth.

Throughout his career, Irfan demonstrated versatility and determination, transitioning seamlessly between roles and industries. From his tenure as a Page Maker at the local newspaper Weekly Pindi Post to his contributions at Punjab Land Records, Irfan consistently excelled and made significant impacts. His time as a Lab Assistant Computer Operator at VTI Daultala further underscored his dedication, where he not only fulfilled his duties but also spearheaded the establishment of the Computer trade for males, showcasing his proactive approach and commitment to creating opportunities for others.

In 2021, Irfan reached a new pinnacle in his career as he joined the Punjab Revenue Department as a Patwari, a role that reflects his expertise and growth in the field. His journey serves as an inspiration, highlighting the transformative power of resilience, hard work, and dedication. Muhammad Irfan's story is a testament to the belief that with determination and perseverance, one can overcome any obstacle and achieve remarkable success, leaving a legacy of excellence for generations to come.
